

NOTES

Youth training opportunity

Mock party dispersal training with the Alcohol Enforcement Team will be held Tuesday, June 23, at the Chester County Sheriff Office (this location may change). The event will start at 2 p.m. but participants should arrive at 1:45 p.m. This is open to high school students only in grades nine through 12. For more information, call Melody C. Reid at 377-8111.

Ag+Art Tour

The 2015 Catawba Regional Ag+ Art Tour, a free farm tour featuring local artisans, will be held from 9 a.m. to 5 p.m. Saturday, June 27, and from 1 to 5 p.m. Sunday, June 28. For details, visit www.agandartour.com.

Library showing movies for kids

The Chester County Library will be showing movies for kids on Thursdays throughout the summer. The schedule is as follows:

- June 18: "Daddy Day Care."
- June 25: "Spy Kids."
- July 2: None.
- July 9: "Cars."
- July 16: "Balto."
- July 23: "The Princess and the Frog."
- July 30: "Dolphin Tale."

Times are 11 a.m. and 1 p.m. Call Claudette Graham at 377-8569 or 377-8145 for more information.

Camp Geronimo horse camps

Gaston Farm Equestrian Center, 2717 Gaston Farm Road, Chester, will hold five-day Camp Geronimo horse camps June 22-26, July 13-17 and Aug. 3-7. For details, call Beth Gaston at 374-6255, like the center on Facebook or follow on Twitter, e-mail horses@gastonfarmequestriancenter.com or visit www.gastonfarmequestriancenter.com.

Chester County Animal Care and Control is offering a \$25 adoption fee that also covers spay and neuter costs. This special offer lasts through the summer, or long as funds last. The offer is made possible through a grant from The Lutz Foundation. Due to overcrowding, kittens up to 16 weeks are free. This offer does not include the spay/neuter voucher due to their age. Older cats have an adoption fee of \$25 but will have a spay/neuter voucher for a Chester County adopter. Call 385-6341, e-mail chesterscanimalcontrol@yahoo.com or stop by the shelter at 2714 Dawson Drive.

Adopt-A-Pet

PHOTOS BY MARISSA C. WHITE/THE N&R

There's nothing like kittens to make you laugh! These babies are all about playing, wrestling and getting into things. They are Peanut, Princess, Piper, Penelope and Peter, and they are seven-week-old sweethearts in need of good homes. They have had their shots and have been dewormed, plus they are free to adopt!

This gorgeous face belongs to Amanda, a 12-week-old white and brown mixed breed with an incredibly sweet personality. Amanda is very loving and enjoys being petted and held. She will make the perfect playmate and companion for any family. She has had her shots and has been dewormed.

Meet Wall, a two-year-old black Labrador mix who loves to run and exercise. While Wall may be a strong, stocky guy, he's really a big baby who loves attention and to spend time with people. He's heartworm negative, has had his shots and has been dewormed. Come meet Wall in person today!

This elegant, poised beauty is Venus, a two-year-old black and white mixed breed with an easy-going, calm nature. Venus goes with the flow and will make a wonderful pet for anyone. She is heartworm negative, has had her shots and has been dewormed. Come meet Venus and take her home today!

All the pictured animals plus many more are up for adoption at the Chester County Animal Shelter, 2714 Dawson Drive. Call 385-6341 or e-mail chesterscanimalcontrol@yahoo.com for more information. For more pictures of available pets and updates on shelter news, like Chester County Animal Care and Control on Facebook. Donations are always welcome and appreciated. The current need is towels, sheets, blankets, cleaning supplies, Igloo dog houses, newspapers, laundry detergent, towels, general office supplies such as copy paper, manilla folders and ink pens, alcohol, canned cat and dog food, blue Dawn, bleach and paper towels. Foster families are also needed.

BEVERLEY

Continued from Page 5

chains of darkness..." The Bible also indicates that on the day those angelic and demonic beings are released, "men's hearts will fail them for fear of what's coming upon the earth." I don't know, call me an uneducated Bible-thumper, but opening dimensional gateways doesn't sound like a good idea.

Mankind doesn't seem to learn from past mistakes. It's been done before, and things have never gone well for us. "Done before," you might ask? Yes. What has been will be. There truly is nothing new under the sun.

Ancient Sumarian records and Biblical

records talk about the gods coming into our universe, appearing in the air out of "nowhere." And in extra-Biblical texts (Apocryphal books of Enoch and Jasher), the infamous Nimrod led the construction of the Tower of Babel, which was described as being topped by a portal or gateway into God's realm. The Bible itself calls it a "tower into the heavens." The very word used to name the tower - Bab El - means "gateway to God" in the ancient languages.

So what does religion have to do with science? It seems that the world's greatest scientists at CERN are quite religious - as long as the religion doesn't include Jesus Christ of Nazareth. Hinduism seems to be

preferred. The three biggest Hindu gods are Brahma, Vishnu and Shiva. Brahma is known as the "creator god," Vishnu is the god who keeps things constant and Shiva is "the destroyer." It should be understood that Shiva, in Hindu beliefs, does a dance of destruction but not just for the sake of destruction. He destroys so that Brahma, the creator god, can recreate the earth and recreate reality.

"So what's this all got to do with a high tech facility like CERN," you might ask? What you really should ask is why there is a huge statue of Shiva outside the main entrance of CERN. CERN also produced a video of a ritual dance of destruction titled "Supersymmetry." This

video includes scenes of CERN technology intermingled with a "satanic priest" walking a circle around a dancer, "beings" coming through the CERN tunnel and other disturbing imagery.

I would encourage you to do your own research. I will post many links to more information on my YouTube site. Visit www.youtube.com/user/jesusfreak and find the "We Should Be Concerned" playlist to view many of the videos and other information. There is also a video of pastor teaching - in laymen's terms - why we should be concerned about CERN.

E-mail all comments and questions to jesusfreakcomputergeek@gmail.com.
